

The Impact of AI in Health Research: Transforming Career Trajectories

June 10

12:00pm - 1:30pm

Paetzold Theatre, 899 West 12th Avenue, Vancouver

RSVP

vchri.ca/AITransformingCareer

Join us for an insightful exploration of how professionals utilize AI to advance health research and enhance healthcare delivery. An expert panel of speakers will share their experiences, addressing misconceptions and answering questions.

All trainees from the VCH/UBC research community are welcome. Pizza and light refreshments will be provided.
